Republican National Committee Will Health Officials Are Delighted at Leaders Are Making Effort to Keep Meet June 6 to Pass on Conflicting Claims to Delegates.

The make-up of the republican national convention, so far as the original selection of delegates can determine it, will be practically settled within a week. Including eight to be chosen today at district conventions in Texas and Arizona, over 200 delegates are to be selected in the eight days ending next Saturday. About 100 will then remain to be chosen, including forty-eight from Ohio and twenty-four from New Jersey.

The republican national committee will meet June 6 and will take up at that time contests involving the seats of at least 164 delegates. It is not unlikely that additional contest cases will be announced by the time the committee begins work.

More Than 700 Chosen.

Up to this morning 786 of the 1.078 delegates to Chicago had been chosen, according to Roosevelt estimates; while the Taft forces record twenty less. The differences arise over Maryland, where the Taft managers declare the control of sixteen delegates will not be cleared until the state convention next Tuesday, and Kansas, where the Roosevelt

Roosevelt. Senator Dixon, manager of May 1. the Roosevelt committee, claimed 319 for Roosevelt and conceded 143 to Taft. The Roosevelt managers contend that 114 delegates are uninstructed, including

delegations, are being completed rapidly by the attorneys for both factions. While but few contests have been filed thus far with the national commit-

tee, the managers and their attorneys will be ready with all of the cases by May 29, the date on which the papers must be before the committee.

The delegations instructed for Taft whose seats will be contested, according

to the latest statement from Senator Dixon, are as follows: Alabama, 20; Arkansas, 8; District of olumbia, 2; Florida, 12; Georgia, 26; ndiana, 12; Kentucky, 16; Louisiana, 20; 4; Tennessee, 14; Virginia, 22.

The 200 delegates to be selected in the coming week include 26 in Texas, 26 in California, 24 in Minnesota, 14 in Washington, 22 in North Carolina, 16 in West Virginia, and scattering delegations in

Republicans in Three Texas Districts

Elect Delegates Today.

DALLIAS, Tex., May 11.-Three congressional district republican conventions to choose delegates to the national convention are in progress in Texas today. In each district two delegates are to be named. The other thirteen Texas republican district conventions are scattered over the last three days of next week, May 16, 17 and 18.

Today's conventions, it is believed, will indicate the Texas republican sentiment as between President Taft and Col. Roosevelt. Neither the Texas precinct conventions nor the county conventions of the past week seem to have shown this attitude clearly in any non-partisan re-

The conventions today are in the sixth, seventh and tenth districts, held respectively at Mexia, Galveston and Austin. In these districts the unofficial returns showed the following line-up: Sixth—For Taft, 2½ votes; for Roose-velt, 2½ votes; contested, 2 votes. Seventh—For Taft, 1 vote; for Roosevelt, 3 votes; contested, 1 vote; unre-

Tenth—For Taft, 4 votes; for Roosevelt, 1 vote; uninstructed, 1 vote; no convention, 1 vote; unreported, 1 vote.

Instead of being on the defense, the government troops have within the last twenty-four hours pushed the attack vigorously, forcing the rebels northward nearly twenty miles, to Conejos, about 200 miles south of Chihuahua.

Peronal and other towns occupied by the liberal forces within the week were evacuated to the federals.

The facts became known at 4 o'clock this morning, when a telegraph interview was arranged between Gen.
